

# Training & Education Report

for presentation to delegates of  
37<sup>th</sup> FAPAA Executive Council Meeting  
4 – 6 June'2010 - Singapore

## **PIFFA-FIATA DIPLOMA COURSES UPDATE – MAY'2010**

The first three batches of the PIFFA-FIATA Diploma Course produced more than 100 graduates in International Freight Forwarding.

On 27<sup>th</sup> July'2009, PIFFA Logistics Training Institute, a modest but modern facility was inaugurated by Mr. Babar Badat, Member ABVT and Vice Chairman, FIATA to cater to the training needs of the membership. FIATA was informed about this launch.

The 4th batch comprising 32 course participants commenced study sessions at the new venue. Besides regular thrice a week, three hours per day classes, visits to port terminals, airport cargo terminal and warehouses are also part of curriculum to get familiarization with the operation and functioning of such facilities. This batch completed studies in March'2010 and Diploma Certificates will be awarded shortly to successful participants in a befitting ceremony.

Keeping in view the demand from the freight forwarding fraternity, PIFFA launched the 5th & 6<sup>th</sup> batch comprising of 32 and 28 participants that began study from 12<sup>th</sup> January'10 and 12<sup>th</sup> April'10 respectively..

Besides the Diploma Course comprising of 10 modules and spread over +240 hrs of study, preparations are underway to design short courses on Documentation, Dangerous Goods Handling, B/L, ISPS Code, Legal aspects of shipping etc. for junior and middle management of the member companies.
